

BRIGHAM YOUNG UNIVERSITY-IDAHO

ABOUT BYU-IDAHO

BYU-Idaho is the oldest continuously operating institution of higher education in Idaho. The university was founded in 1888 as Bannock Stake Academy with 59 students. In 1903, it was named Ricks Academy in honor of Thomas E. Ricks, a Church leader who founded Rexburg and headed the academy's first board of education. In 1923, it became known as Ricks College, which grew to become the largest privately owned junior college in the United States.

From its founding as a pioneer academy to the modern university it is today, Brigham Young University-Idaho continues to build upon a rich legacy of progress and innovation. Guided by its affiliation with The Church of Jesus Christ of Latter-day Saints, BYU-Idaho seeks to create a wholesome learning environment in which students can strengthen their commitment to the gospel of Jesus Christ and receive a quality education that prepares them for leadership in their homes, the Church, and their communities.

In 2000, leaders of The Church of Jesus Christ of Latter-day Saints announced Ricks College would transition from a two-year college to a four-year university. Academic programs were evaluated and restructured, and the school officially became Brigham Young University-Idaho in 2001. BYU-Idaho is accredited by the Northwest Commission on Colleges and Universities.

A comprehensive liberal arts, professional, and scientific curriculum is offered. As a two-tiered institution, BYU-Idaho provides students with a choice of over 20 associate degrees and more than 90 bachelor's degrees. These degrees offer students specialization in a major field of study, along with a carefully selected curriculum of general education.

BYU-Idaho's academic offerings are spread across six colleges: Agriculture and Life Sciences, Business and Communication, Education and Human Development, Language and Letters, Performing and Visual Arts, and Physical Sciences and Engineering. Faculty members in these various colleges are focused primarily on the teaching and development of students. Instructors also engage in a variety of scholarly and research activities to support their teaching.

The university operates year-round on a three-track, three-semester system: winter, spring, and fall. Facilities are better utilized, and many more students are served by their admission to a track comprised of two of the three semesters. In 2020, BYU-Idaho served 60,784 students online and on campus in its associate and bachelor's degree programs.

Internships are a required component for most majors at BYU-Idaho because of the unparalleled leadership and experiential learning opportunities they provide. The university-wide internship program is one of the largest providers of interns in the nation, sending out more than 4,200 students annually.

Students complement their academic experience with leadership and mentoring opportunities available through the university's Student Activities Program. This student-run program offers an array of year-round activities in six core areas: outdoor, service, talent, fitness, sports, and social. Thousands of students are involved in the Student Activities Program each semester.

BYU-Idaho students come from all 50 states and over 123 countries. Married students comprise approximately 30 percent of the on-campus student body. About 56 percent of the students have served as missionaries for The Church of Jesus Christ of Latter-day Saints. This brings a unique level of maturity, cultural diversity, and leadership ability to the campus.

CONVOCATION CEREMONIES

THURSDAY, APRIL 7, 2022
